PUBLIC TRANSPORT

We are pleased to inform you that from 19 to 23 February, participants of the Congress can use public transport (buses, trams, SKM fast urban trains, Pomeranian Metropolitan Railway PKM) free of charge, in the area of Gdańsk (including access from and to the airport), Sopot and Gdynia.

A **personal voucher** generated from the Congress participants registration system – paper version (colour / black and white), electronic, and/or a Congress Participant ID – mandatory to produce for control together with a photo ID document (passport, ID card), will entitle you to use free public transport.

Congress participants intending to use free public transport are therefore asked to secure the indicated documents. In addition, we would like to inform you about the possibility of obtaining a voucher copy, only at the Gdańsk airport – International Winter Road Congress welcome desk.

Transport for the Congress participants is provided by the organiser. Buses will run between designated hotels and the congress centre. Additionally, the organiser provides transport for technical visits, cocktails and gala dinners. The list of hotels along with a map and bus timetable will be sent to registered participants before the start of the Congress. They will be also available at the congress centre and in welcome packs.
